

Kevin Lee

Email: kevin.lee@example.com

LinkedIn: linkedin.com/in/kevinlee

Skills

- Python
- TensorFlow
- Deep Learning
- Natural Language Processing
- Pandas

Education

M.Sc. in Computer Science, AI Specialization

Thesis: Transformer-based Text Summarization (2021-2023)

Projects

- NLP Chatbot: Developed an intelligent chatbot using BERT with 85% intent accuracy.
- Image Classifier: Built a CNN model for object detection achieving 92% accuracy.

Experience

- Machine Learning Engineer at SmartData (2023-Present):
 - Designed and deployed ML pipelines using Docker and Kubernetes.
 - Collaborated with data scientists to optimize model performance.
- Research Assistant at AI Lab, Univ. of Example (2021-2023):
 - Published 2 papers on attention mechanisms in NLP.
